

**Public Announcement to ALL Opera Society
Inc members and Melbourne Opera Lovers**

In line with current and ever changing Federal, State and Local government restrictions regarding the Coronavirus (COVID 19) all activities of the society are either cancelled or postponed pending further advice from the authorities. At this stage we have no idea when such further advice enabling resumption of our stated program of events will be provided. However, we will keep you informed as soon as a resumption is possible.

This action, although consistent with regulations and all other providers of artistic performances, is taken with our members and guests in mind. We are very keen to ensure that no risk of this potential health issue can derive from our activities. The Committee of the Opera Society Inc. wishes our members and everyone interested in or connected with our society a safe and healthy outcome from this global pandemic.

The Committee - Opera Society Inc.
